

| Professional Profile |

Graphic design lead with 7+ years experience in print and web design. Exceptional creative and visual skills are supported by a portfolio which demonstrates effective results in art direction for a wide range of satisfied clients.

Current experience showcases creative direction for customer facing and internal designs for the Dalbey Education Institute, helping the company to reach its goal of \$100+ million in annual sales.

Additional skills include expert command of graphic design software packages, particularly Adobe Creative Suite 4. Advanced knowledge of print production and pre-press processes, CMYK and Pantone libraries, and paper types and coatings. Skilled in client and vendor relations and negotiations. Adept at managing multiple projects and clients at once. Online portfolio located at jasonnickel.com. References available upon request.
